

Be Well Boston

FOR BANISHING “BACNE”

**Signature HydraFacial,
Medical Aesthetics on Tremont**

Not all facials are just for faces. Take this fast-acting must-try, which works wonders for dreaded back acne. It starts with a mild chemical peel that exfoliates the skin. Then, your provider will use a pen-like suction device to remove pimple-producing debris while infusing a hydrating serum into every pore. Bonus: The speedy service requires zero recovery time, which means you can go (ahem) back to your life right after you're done. *\$180 per session; South End, medicaaestheticsontremont.com.*

MED SPA MAKEOVER

From fat-vanquishing lasers to nurturing IV infusions, these five state-of-the-art cosmetic treatments will leave you feeling brand-new.
